

# BRACCO FELLOWSHIPS 2024

This programme launched in 2017 and devoted to the professional and scientific development of young radiologists was re-initiated in 2023 on the occasion of the 95<sup>th</sup> anniversary of Bracco, in furthering Bracco's unbroken commitment to support the radiological community at large. Bracco will provide 95 grants between 2023 and 2025 that will be used to create training opportunities for young radiologists with high scientific potential at enrolling leading academic centres.
