

Monday, Feb. 1

8.45-9.00	Wellcome address: Introduction, course & workshop organization	A. Borges	
9.15-9.45	Skull base anatomy	S. Connor	
9.45-10.30	Cranial nerves anatomy	J. Casselman	
10.30-10.45	Coffee break		
10.45-11.30	Skull base pathology	A. Borges	
11.30-12.15	Cranial nerves pathology	J. Casselman	
12.15-13.30	Lunch		
13.30-14.15	MRI of the globe and orbit	P. de Graaf	
14.15-15.15	WS1 Cranial nerves	J. Casselman	C. Kenis
	WS2 Skull base	A. Borges	S. Connor
	WS3 Globe and orbit	B. Ozgen	P. de Graaf
15.15-15.30	Coffee break		
15.30-16.30	WS1 Cranial nerves	J. Casselman	C. Kennis
	WS2 Skull base	A. Borges	S. Connor
	WS3 Globe and orbit	B. Ozgen	P. Graaf
16.30-17.30	WS1 Cranial nerves	J. Casselman	C. Kennis
	WS2 Skull base	A. Borges	S. Connor
	WS3 Globe and orbit	B. Ozgen	P. Graaf
17.30-18.00	MRI of Perineural Spread	S. Mukherji	
18:30	Wellcome reception		

Tuesday, Feb. 2

9.00-9.30	Nasopharynx anatomy and pathology	T. Nunes	
9.30-10.00	Anatomy and Pathology of the pre and post styloid parapharyngeal space	J. Casselman	
10.00-10.30	IgG4 related disease in the head and neck	B. Ozgen	
10.45-11.00	Coffee break		
11.00-11.30	Nose and PNS anatomy	T. Beale	
11.30-12.15	Nose and PNS pathology	D. Farina	
12.15-13.30	Lunch		
13.30-14.15	MRI of the salivary glands	M. de Win	
14.15-15.15	WS4 Nasopharynx and parapharyngeal space	T. Nunes	S. Mukherji
	WS5 Nose and PNS	T. Beale	D. Farina

	WS6 Salivary glands	M. de Win	M. Becker
15.15-15.30	Coffee break		
15.30-16.30	WS4 Nasopharynx and parapharyngeal space	T. Nunes	S. Mukherji
	WS5 Nose and PNS	T. Beale	D. Farina
	WS6 Salivary glands	M. de Win	M. Becker
16.30-17.30	WS4 Nasopharynx and parapharyngeal space	T. Nunes	S. Mukherji
	WS5 Nose and PNS	T. Beale	D. Farina
	WS6 Salivary glands	M. de Win	M. Becker
17.30-18.00	FU imaging of HN cancers - post therapeutic changes	S. Mukherji	
19:30	Faculty dinner		

Wednesday, Feb. 3

9.00-9.30	Oral cavity and oropharynx anatomy	A. Borges	
9.30-10.15	Oral Cavity and oropharynx pathology	M. Horta	
10.15-10.45	Jaw lesions: Added value of MRI	B. Ozgen	
10.45-11.00	Coffee break		
11.00-11.30	Larynx and hypopharynx anatomy	B. Schuknecht	
11.30-12.15	Larynx and hypopharynx pathology	M. Becker	
12.15-13.30	Lunch		
13.30-14.15	MRI of the brachial plexus and thoracic inlet	S. Gerevini	
14.15-15.15	WS7 Oral cavity and oropharynx	A. Borges	M. Horta
	WS8 Larynx and hypopharynx	M. Becker	B. Schuknecht
	WS9 Brachial plexus	S. Gerevini	C. Kennis
15.15-15.30	Coffee break		
15.30-16.30	WS7 Oral cavity and oropharynx	A. Borges	M. Horta
	WS8 Larynx and hypopharynx	M. Becker	B. Schuknecht
	WS9 Brachial plexus	S. Gerevini	C. Kennis
16.30-17.30	WS7 Oral cavity and oropharynx	A. Borges	M. Horta
	WS8 Larynx and hypopharynx	M. Becker	B. Schuknecht
	WS9 Brachial plexus	S. Gerevini	C. Kennis
17.30-18.00	MRI of TMJ	E. Loney	
19:30	Social dinner		

Thursday, Feb. 4

9.00-9.30	Temporal bone anatomy	Tilak Das	
9.30-10.15	MRI of external auditory canal and middle ear	J. Hirvonen	
10.15-10.30	Coffee break		
10.30-11.15	MRI of the inner ear	P. Touska	
11.15-12.00	MRI of the petrous apex and facial nerve	B. Verbist	
12.00-12.20	MRI of Meniere's disease	C. Kenis	
12.20-13.30	Lunch		
13.30-13.50	MRI in cutaneous SCC of the head and neck	A. Borges	
13.50-14.10	MR contrast agents: What's new?	M. Oliveros	
14.15-15.15	WS10 Inner ear	P. Touska	S. Van Cauter
	WS11 Petrous apex and facial nerve	B. Verbist	E. Loney
	WS12 Middle ear and EAC	J. Hirvonen	T. Das
15.15-15.30	Coffee break		
15.30-16.30	WS10 Inner ear	P. Touska	S. Van Cauter
	WS11 Petrous apex and facial nerve	B. Verbist	E. Loney
	WS12 Middle ear and EAC	J. Hirvonen	T. Das
16.30-17.30	WS10 Inner ear	P. Touska	S. Van Cauter
	WS11 Petrous apex and facial nerve	B. Verbist	E. Loney
	WS12 Middle ear and EAC	J. Hirvonen	T. Das
19:30	Faculty dinner		

Friday, Feb. 5

9.00-9.45	MRI and MRA: vascular malformations in the head&Neck	S. van Cauter	
9.45-10.30	MRI of lymph nodes and soft tissues of the neck	R. Maroldi	
10.30-10.45	Coffee break		
10.45-11.15	Pediatric MRI	F. D'Arco	
11.15-12.15	EXAMINATION		
12.15-13.30	Lunch		
13.30-14.30	WS13 MRI and MRA: vascular malformations in the H&N	F. D'Arco	S. Van Cauter
	WS14 MRI of lymph nodes and soft tissues of the neck	R. Maroldi	R. Dias
14.30-15.30	WS13 MRI and MRA: vascular malformations in the H&N	F. D'Arco	S. Van Cauter
	WS14 MRI of lymph nodes and soft tissues of the neck	R. Maroldi	R. Dias

15.30-16.00 Examination answers
16.00-16.30 Certificates and closing remarks

Faculty
A. Borges
